Expect the Unexpected

Key Questions:

- 1) What do you expect God to be like? How do you expect God to show up?

- 2) Has God ever shown up (or not shown up) in ways that were unexpected for you? What was that like for you?

- 3) Even when we think of the “unexpected” from God we often still frame it through the lens of our own expectations. In scripture one of those really unexpected ways God showed up was in and through women. In a society where women were often treated as property, this was VERY unexpected. How might God show up in a way that is TOTALLY outside your expectations? What might you do/feel if God did show up that way?
