## Management Training

### How to use Talk It Over:

*Talking through the message during the week helps you and your group turn what God is saying to you into action steps. Begin with the key questions, add any optional scriptures and questions if needed, and then wrap up by deciding on your next steps. You can use this study guide with your small group, your family, or on your own.*

### Today's Key Idea:

Contentment and generosity are found in part through wise financial management.

### Key Questions:

- What things are you doing well in the area of your spending? In what ways is your spending off-track? What do you need to change about your spending?
- Are you more of a consumer or more of an investor? Do you waste money or are you intentional in your use of finances?
- Simplifying our lives can give us more time for things that matter – like spending time with people we love and God. It also creates “room” in our lives to live out our purpose. What will you do to simplify your life?

### Daily Bible Readings:

Read and discuss these passages so you can learn more about how the scriptures teach us to manage the money God entrusts to us.
