## **Investing Matters**

### **How to use Talk It Over:**

Talking through the message during the week helps you turn what God is saying to you into action steps. Begin with the key questions and then wrap up by deciding on your next steps. You can use this study guide with your small group, your family, or on your own.

### **Key Questions:**

- Do you know how you spend your money? Do you plan or do you simply spend? How might how you spend your money be a spiritual discipline?
- Our culture constantly bombards us with the message that we need more, newer, the next thing...how do you or might you combat those voices with the voice of God?
- How we invest what we've been given matters. When you think of how you are investing your time, your resources and your talents - what are you investing in? Is it what you want to be investing in? How might it change to give God more glory?
